

Lorna McKee

Understanding the dynamics of organisational culture change: creating safe places for patients and staff

Lorna McKee is Professor of Management at the University of Aberdeen Business School and Programme Director of the Delivery of Care Programme in the Health Services Research Unit. Lorna

studied social sciences at Trinity College, Dublin, and undertook her DPhil work at the University of York. She has held research posts at the Universities of York, Aston, Warwick and Aberdeen and also spent time as an NHS departmental manager. Lorna is Chair of the NIHR SDO Studies panel and a member of the SDO Programme Board. She has also served as an expert panel and advisory committee member for the Canadian Foundation for Innovation (CFI) and the CFI Regional Hospital Fund Advisory Committee. She has published extensively in the area of work-family relations

and healthcare management. Current research interests include healthcare management, the management of change and innovation, and the sociology of work and family life.
